RE: Referendum Against Ordinance 15.19, An Ordinance Amending Articles I and VII of Chapter 19 of the Mountain View City Code Related to Oversized Vehicle Parking on Narrow Streets

Dear City Clerk Natusch:

The petition named above that was submitted to our office on November 25, 2019 contained a raw count of 4,894 signatures. Pursuant to your request, 10 percent of the number of registered voters for the City of Mountain View, per the October 15, 2019 Secretary of State report, would equal 3,761 valid signatures to pass.

Your jurisdiction requested that the Registrar of Voters' Office conduct signature verification on the petition. The Registrar of Voters' Office verified the necessary number of signatures filed in accordance with Elections Code Section 9115.

The signature verification process resulted in the verification of 500 signatures of which 427 signatures were found valid. The petition has a projected number of 4,179 estimated valid signatures. In accordance with California Administrative Code 20530, The Registrar of Voters computed the percent of valid signatures by dividing the total number of signatures found valid, 427, by the total number of signatures found in the sample, 500. The Registrar of Voter's then multiplied the raw count of 4,894 by the same sample validity rate to determine the number of total valid signatures.

Per Elections Code Section 9115, subdivision (b), the statistical sampling is over 110 percent.

Please contact us to make arrangements to pick up your petition from our office. If you have any questions concerning this matter, please feel free to contact our office at (408) 282-3009.

Sincerely,

Voter Registration Division
County of Santa Clara
